## Item No . TF8214 INSTALLATION INSTRUCTIONS

Please read carefully and save these instructions, as you may need them at a later date.

### CAUTION

**WARNING:** Risk of Fire. Consult a qualified electrician to ensure correct branch circuit conductor. Min 90°C supply conductors.

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock.

### GENERAL

All electrical connections must be in accordance with local and National Electrical Code (N.E.C.) standards. If you are unfamiliar with proper electrical wiring connections obtain the services of a qualified electrician.

Remove the fixture and the mounting package from the box and make sure that no parts are missing by referencing the illustrations on the installation instructions.

### ASSEMBLY AND INSTALLATION

1. Place the lamp body (4) on the floor.
2. Raise shade (2) over socket (3) and secure with socket ring (1).
3. Install a 150 watt maximum medium base bulb (not included) into socket.

INSTALLATION IS NOW COMPLETED
